Feedback for BluGuru

"I just wanted to say how wonderful your performance was today and how much my children had enjoyed it. Tonight they have spent most of the evening talking about it, and dancing to the point they performed their own emotional drama filled Bollywood. They are both heavily into the performing arts and this presented them a brand new element to their experiences. I can't thank you enough for visiting and that I was luck enough to also see you. I hope we cross paths again, until then best wishes to you and your future achievements."

Could you please pass on my thanks to Josh and Parvyn. The children were captivated by the instruments and dance moves.
