Terry has been producing school circus shows for over 20 years. With his background as an elite circus performer, musician, workshop leader and director, Terry brings the fun, excitement and skills of the circus to children of all ages.

In his workshops Terry will engage the children in: Juggling, Stilt Walking, Body Balances, Plate Spinning, Diabolo and a range of circus related acts that, when put together, culminate in a stunning, skilful, fun and funny show for the entire school community. Children routinely ignore the recess bell when engaged in his workshops, because circus time IS playtime.

Dear Terry, Congratulations on a triumphal success last night. Everyone is raving and the girls are so excited. You have created an annual festival for us. I've never enjoyed an evening performance so much.

It was far better than Cirque du Soleil!!!

Thank you for providing my girls with some of the most exciting and positive experiences of their lives. I thought I had the best job in the world - but I think maybe you do. Isn't it wonderful to work with these young people and watch their self-confidence soar? My girls are so lucky to have you come into their lives. You will have made a difference to every one of them.

On a personal note, your circus skills program is the best thing I have ever been involved with in 23 years of working in schools.
