Kenny engaged kids extremely well with his sense of humour and his amazing drawing technique. Extremely positive response. Drawing the people using the technique which Kenny taught us, made the drawing fun and easier.

He was funny and made the learning fun and kept us entertained.

The manga workshop was awesome and interesting. Great to be able to learn about Japanese manga and how to draw manga characters.

We'd definitely like to do the manga workshop with Kenny again.

Kenny was a fantastic teacher, going through everything step-by-step, answering questions, and even cracking a few jokes along the way. We were introduced to different styles within the genre, and learnt of some helpful tips to get even the trickiest proportions right.
